What is this?	<p>If you are a business and interested in supporting people who are looking for work, you can offer work experience through Jobcentre Plus.</p> <p>Work experience organised by Jobcentre Plus is open to:</p> <ul style="list-style-type: none"> <li>• young people who are aged 18 to 24 years old</li> <li>• people aged 25 and over who don't have recent work history</li> <li>•</li> </ul> <p>For some people, a lack of understanding of the working world is a significant barrier to finding and sustaining employment. Jobcentre Plus wants to work with you to offer young jobseekers the opportunity to overcome this barrier through work experience placements. The chance to undertake real work and adjust to the routines and habits of working life can significantly improve their employment prospects.</p> <p>Offering work experience to a much wider age group can also be highly effective in supporting people to find employment, especially if they have been away from work for some time. It can develop or re-fresh their skills and help them gain confidence, supporting them to move closer to employment. Older participants may well bring a range of skills that can positively contribute to your business.</p> <p>By helping young people to gain work experience, your business can reap real benefits, such as:</p> <ul style="list-style-type: none"> <li>• developing the supervisory and management skills of your current workforce</li> <li>• enhancing your public profile by supporting your local community</li> <li>• accessing a pool of hidden talent – people who offer enthusiasm and a fresh perspective to your business</li> <li>• promoting workforce diversity</li> </ul>
Eligibility	<p>Employers of all sizes in any sector can offer work experience as long as they meet the terms and conditions set out in the agreement with Jobcentre Plus.</p> <p>We are also happy to work with employers who can offer more than one placement and large employers with multiple branches. We will enter into an agreement on a national level, covering all branches, which avoids signing multiple agreements.</p> <p>We won't be prescriptive about the structure of placements or make you fill out unnecessary forms and paperwork. However, we'll ask you to:</p> <ul style="list-style-type: none"> <li>• provide work experience placements which are suitable for young unemployed people (and other age groups) with little or no work experience</li> <li>• comply with all relevant legislation</li> <li>• guarantee that placements are in addition to existing or planned vacancies and that no-one has been dismissed or made redundant so the placement can be offered</li> <li>• allow participants to carry out reasonable job search activity and attend interviews with prospective employers and fortnightly job search reviews at Jobcentre Plus</li> <li>• share information on participants with Jobcentre Plus</li> <li>• provide participants with a reference at the end of the placement</li> </ul> <p>These requirements will be agreed between yourselves and Jobcentre Plus.</p>

The scheme is particularly useful for young people but is open to jobseekers of all ages.</p> <p>If you are unable to offer all 3 components, Jobcentre Plus staff may be able to work with you to overcome this, such as enabling you to join with other employers in a consortium approach.</p> <p>Participants will remain on benefits throughout the period of the sector-based work academy.
